Support Starts Right Now

Imagine360 is here to help you make the most of your health plan — before coverage begins and every day after.

Reach out with questions

Need guidance before your plan starts on **01/01/27**? You're not on your own — call us up to 30 days ahead at **844-713-1365**.

Real people with real answers are ready to:

- Help you search for providers
- Explain how a provider works with your plan
- Walk you through your benefits and how to use them

Have your group number ready: **V100069**

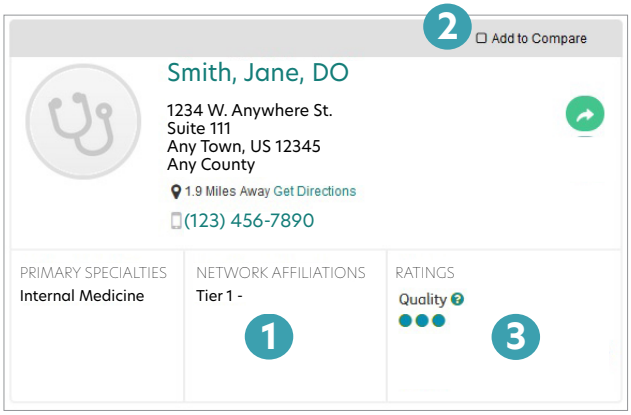
Find providers

You can also go to **imagine360.com/providersearch** or scan the QR code to search for doctors and facilities.

Enter this code to get started: **FOHMG**.

Search by provider name, specialty or location to:

1. See network status
2. Compare providers
3. Check quality ranking



No matter where you choose to get care, we work to reduce your costs so you don't overpay.

After your coverage begins

On day 1, you can register for the Imagine360 benefits site, your 24/7 plan hub for provider searches with cost comparisons, claims tracking, your benefits ID card and more. Or just call us at **844-713-1365** for all the personalized benefits, care and billing support you need.

Coverage under a member's plan may not be available for all provider types listed. Please verify benefits prior to receiving services. Confirmation of a physician's or facility's status is recommended as some providers may no longer participate and services could be covered at a different benefit level.
