FIND AND COMPARE PROVIDERS

You have access to top-rated network providers, which deliver care at fair set prices. Or choose Open Access providers, sometimes called out-of-network. Your plan will work with them to lower your costs so you don't overpay.

Call a Quantum Health Care Coordinator at **866-885-1352** for help comparing providers by cost, quality and how well they work with your plan. Or use the 24/7 provider search on your benefits site.
