Get care

- Q. What if a provider says they don't recognize my insurance or I'm asked to pay for services upfront?**
- A.** Ask them to call the provider number on your benefits ID card. We'll quickly explain your benefits. The only amount you should pay at the time of service is a copay or deductible, if you have one.
- Q. What if I need help talking to a provider's office about my plan?**
- A.** Just call the member number on your benefits ID card – we'll talk with them for you.
- Q. Are preventive services, like yearly checkups, covered?**
- A.** Many preventive care services are free to you through your health plan. Check your plan online at imagine360.vbagateway.com or call the member number on your benefits ID card to confirm what's covered.
- Q. What should I do in an emergency?**
- A.** Go to the ER anytime – you can't be turned away in an emergency. If you need plan support during business hours (**Mon - Thurs: 7 a.m. - 9 p.m. CT and Fri: 7 a.m. - 7 p.m. CT**), call the member number on your benefits ID card. We can talk with the facility for you.
- Q. Does Imagine360 support chronic conditions?**
- A.** Yes. Our nurses and licensed counselors provide free phone-based support for conditions like diabetes, heart disease, depression and more – plus maternity support. They can also advise you on what level of care you need when you don't feel well. Just call the member number on your benefits ID card.

Count on provider billing help

- Q. Can I find out what care will cost before I see a provider?**
- A.** It's easy to compare providers and get price estimates for care on your benefits site at imagine360.vbagateway.com – or right from the free "Imagine360" app.
- Q. How does price protection help me pay less?**
- A.** After your visit, we carefully review medical claims from providers – including doctor visits (depending on your plan), hospitals, outpatient surgery centers and skilled nursing facilities – for errors and overcharges so you don't overpay for care. If needed, we adjust the amount paid to the provider. Most accept this amount.
- Q. I received a bill from my provider. Do I need to do anything?**
- A.** Yes! Always compare the provider bill amount due with the "amount you owe" shown on your Explanation of Benefits (EOB). An EOB isn't a bill – it shows what you owe after your benefits are applied. If the amounts don't match, send the bill to us at bb@imagine360.com or call the member number on your benefits ID card. We'll manage any issues for you so you don't overpay.
- Q. What billing support does my plan provide?**
- A.** If a provider bill, provider claim or Explanation of Benefits looks wrong or you aren't sure, call us. Our billing advocates handle it for you and keep you updated the whole way.
