

Financial Assistance That Goes Beyond Your Health Plan

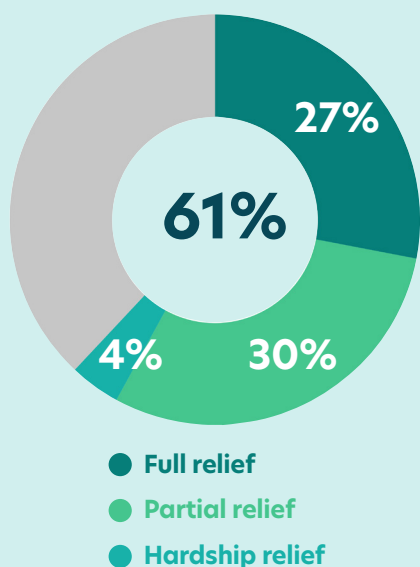

Even with great health coverage, out-of-pocket medical costs can create financial stress. The Imagine360 financial assistance team helps eligible employees access opportunities to lower what they owe, so they can focus on recovery instead of worrying about medical bills.

- **Provider relief programs** that may reduce or eliminate eligible medical expenses
- **Bill negotiation support** with providers and debt collectors
- **Help with medical debt and payment challenges**

Source: Analysis of incomes in the U.S. Census Bureau's American Community Survey (2024). "Full relief" refers to households <200% of the Federal Poverty Level (FPL); "partial relief" refers to households between 201-300% of FPL; "hardship relief" refers to higher-income households with \$5,000+ in medical costs due to unexpected financial hardship (KFF, 2022).

Financial stress affects more than finances.

A medical crisis can cost **8 weeks of pay**¹ and cause **nearly half of Americans to delay care due to cost.**²

That strain affects employee wellbeing — and your business. The Imagine360 financial assistance team helps employees address medical bill challenges, reducing financial stress and supporting a healthier, more productive workforce.

"Imagine360 worked with every provider on my behalf. **This is such a weight off my shoulders.**"
