

Care Navigation Made Easy

Comprehensive provider search. Compliant cost transparency.

At Imagine360, our integrated care navigation and cost estimation tool empowers your members to quickly compare the quality, plan compatibility and prices of providers.

Easily found in our online benefits portal, miBenefits, the tool provides a seamless user experience and supports Transparency in Coverage (TiC) requirements.

Advancing transparency in healthcare

- ✓ Scalable compliance support
- ✓ Intuitive provider search experience
- ✓ Navigation to quality providers
- ✓ Clear pricing estimates

Intelligent provider search

Our personalized search feature gives members the provider and benefits details they need to make an informed care choice.

The tool goes beyond specialty and location. Dynamic view options guide members to providers that work well with their plan based on cost, quality and acceptance metrics.

With just a click, members can compare providers – including their prices.

The provider card enables them to:

- 1 View the provider's network
- 2 Compare to other providers
- 3 Send results to their mobile phone
- 4 Get a procedure cost estimate (eff. 1/1/27)
- 5 See a provider's quality rankings
- 6 Learn how well the provider works with their plan

Shoppable services price comparison (Available January 1, 2027)

Available beginning January 1, 2027, our provider cost comparison feature is designed to help you advance health plan compliance, including the TiC rule. Members can get medical cost estimates instantly. They can also select multiple providers to compare prices.

A series of simple selection prompts and menus enables members to find a specific procedure and see their total out-of-pocket cost.
